**03-O-1707  
(FINAL)**

**AN ORDINANCE AMENDING CHAPTER 158, ARTICLE II, SECTION 158-64 TO PROVIDE A COURT REPORTER FOR TREE CONSERVATION COMMISSION MEETINGS; AMENDING SECTION 158-66(a) OF THE ATLANTA CODE OF ORDINANCES, TO CLARIFY THE PERMITTED USES OF THE MONIES DEPOSITED INTO THE TREE TRUST FUND, AND FOR OTHER PURPOSES.**

**WHEREAS**, the City of Atlanta ("City") Tree Conservation Commission was established by the City's Tree Protection Ordinance to oversee the management and maintenance of trees on both public and private property, and to establish educational programs that encourage proper management and maintenance of trees on private property so that the City and its residents enjoy the benefits provided by the City's urban forest; and

**WHEREAS**, the Tree Protection Ordinance provides in section 158-64 of the Atlanta Code of Ordinances ("Code") that the Tree Conservation Commission shall establish a regular meeting schedule, shall have a clerk and shall establish its own rules of procedure but does not provide for a court reporter to record the meetings; and

**WHEREAS**, the decisions of the Tree Conservation Commission have been appealed on numerous occasions and the participants in the appeals have experienced difficulty in explaining evidence provided during the Commission meeting which would have been alleviated by provision of a transcript of the statements, testimony and discussions taken by a competent court reporter; and

**WHEREAS**, the Code, in section 158-66(a), establishes a "tree trust fund for the protection, maintenance, and regeneration of the trees and other forest resources of Atlanta."; and

**WHEREAS**, the Code, in subsections 158-66 (b) and (c), requires that developers, builders, contractors, and homeowners either replace trees that they have removed, or contribute to the tree trust fund the replacement value of the trees removed or destroyed; and

**WHEREAS**, the purpose of the tree trust fund is to make certain that trees inside the City that are removed or destroyed be replaced. The person or company removing or destroying a tree can either replace it, or pay the City to replace it by paying money into the tree trust fund; and

**WHEREAS**, the City recognized that one way to protect and maintain trees within the City is to educate the general public about tree protection and maintenance, and therefore the Code, section 158-66(a), allows for a maximum of five percent of the tree trust fund to be used for educational materials and programs; and

**WHEREAS**, there are certain costs that arise directly from the enforcement of the Tree Protection Ordinance by the City and by the Tree Conservation Commission that would not arise in the absence of the Tree Protection Ordinance, such as advertisement costs, printing costs, and court reporter fees; and

**WHEREAS**, the Code, section 158-66(a), currently contemplates that the cost of administering the proceeds of the tree trust fund shall be paid from the tree trust fund, but the Code does not place a cap on administration costs nor does it define administration costs; and

**WHEREAS**, other than the money utilized for administrative costs and education costs, the remainder of the tree trust fund should be utilized to replace trees that have been removed or destroyed.
